

## **June Tavenor**

**Registered Nurse | Catalyst Health Solutions Inc.**

June is a Registered Nurse and owner of Catalyst Health Solutions Inc.

After graduating from Memorial University of Newfoundland in 2005, June went to work in the Emergency Department at St. Michael's Hospital in downtown Toronto. Since returning home to Newfoundland in 2010, June continued to gather experience in the ER at the Health Science Centre in St. John's as well as finishing a Masters Degree in Nursing from Memorial University. She is an expert and

thought leader in the areas of healthcare organization, health practice and policy, and healthcare spending.

In addition to front line emergency nursing, June has experience in education, management, and research. In 2016, June founded Catalyst Health Solutions. Initially a mobile blood collection and foot care company, Catalyst Health Solutions now offers multiple private and corporate nursing solutions for companies and individuals.
